2015 MN Residential Energy Code HVAC Requirements

Tim Manz (City of Blaine) and Mike Wilson (Dakota Supply Group) will address the changes in the residential energy code relating to the design and installation of HVAC systems. Duct sealing, blower door testing and duct blaster testing requirements will be covered, and it will include a demonstration on air leakage testing using the same equipment utilized in the field.

IMPORTANT:

Please RSVP to Barry Riven at 952-563-8962 or e-mail at
briven@bloomingtonmn.gov

*****Be sure to include your Building Official and Plumbing License number when replying to this notice to qualify for continuing education credits.*****
